# KORNIICHUK DOMINIK

## Front-End Developer

### About me

My name is Dominik and I am an experienced frontend developer with advanced technologies such as React, Redux and TypeScript. My portfolio is evidence of participation in numerous projects where I honed my experience. I excel at designing responsive user interfaces that ensure a seamless experience for users across multiple devices. I am able to work together with cross-functional teams, ensuring a collaborative approach to project development. Additionally, I strive to improve website performance by continually providing optimized solutions that drive user engagement and satisfaction. My skillset makes me an invaluable asset to any team committed to innovation and success in the digital space.

### Work Experience
